

Special Needs ——— ————— Plan Alliance

Working to Change Policy and Practice for High-Risk Beneficiaries

WHO WE ARE

The SNP Alliance is the nation's leading voice for improving policy and practice for special needs populations. We are the only membership organization exclusively representing special needs plans (SNPs), Medicare-Medicaid Plans (MMPs), and other specialized managed care programs.

OUR MISSION

We are the national force for improving the health and well-being of individuals living with significant complex needs through specialized managed care.

WHAT WE DO

The SNP Alliance—

- Provides ***shared learning and capacity building*** opportunities for member plans
- Proactively advances changes in ***public policy*** for high-risk populations
- Enables the ***integration*** of payment, policy, and delivery for dually eligible beneficiaries and other complex care beneficiaries
- Promotes meaningful ***performance measurement*** of care for individuals with complex care needs
- Disseminates person-centered ***best practices*** information

WHO WE SERVE

The SNP Alliance provides benefits and services to member plans and other allied organizations. Currently, we represent 26 health plans offering over 579 plan benefit packages (PBPs) and 183 contracts. Our members enroll over 2.5 million Medicare beneficiaries—totaling more than 60 percent of national special needs plan (SNP) and Medicare-Medicaid Plan (MMP) enrollees.

OUR VISION

All individuals with complex medical, behavioral, functional and social challenges have access to integrated, coordinated care and services that meet their needs.

OUR CORE VALUES

- **Integrity and Trust** – we do what is right, for the right reasons
- **Catalytic Transformation** – we lead as passionate agents of change
- **Radical Empathy** - we understand and embrace the diversity of experience of people living with complex needs
- **Wisdom and Expertise** – we bring rich, real-world expertise and collective wisdom
- **Member Focus** – we pride ourselves in being a valued resource to our members

OUR POLICY PRIORITIES

Influence Policy and Advance Integration

- Advance dual integration – work with states and address aligned incentives
- Align demos and pilots with existing integration goals
- Clarify the future of Medicare-Medicaid demonstrations

Drive Data and Measurement

- Address gaps in current measurement/reporting tools such as HEDIS, Health Outcomes Survey and Stars that fail to fully capture high-risk and vulnerable individuals

Engage Consumers and Caregivers

- Develop consumer-based messages re: value of integrated, specialized managed care for advocacy and policy work.
